Details of General Practitioners

Notes

# Introduction

The first Eastern Perth Youth Services Directory was initiated by the East Metropolitan Youth Suicide Prevention Committee (formerly Eastern Perth Youth Suicide Prevention Committee) late in 1995 in response to professionals working with youth identifying that knowledge of, and access to local youth services was a problem. Positive feedback on previous editions has encouraged us to continue updating the Youth Services Directory.

The directory is intended to offer you information about the youth services in the East Metropolitan area. Services are listed in the index under headings of:

**Accommodation**  
**Alcohol & Other Drugs**  
**Counselling**  
**Education/Employment**  
**General Practitioners**  
**Health**  
**Mental Health**  
**Police/Justice**  
**Youth Services**

**Emergency numbers are listed on the first page.**

Services and general practitioners who indicated provision of suicide crisis intervention to their target group are identifiable by a "Yes" in the crisis intervention section on the agency detail form.

The East Metropolitan Population Health Unit thanks all agencies who responded to the survey once again, and hopes that this directory will provide valuable assistance to you in your work with young people.

For further information please contact Jo Rees. Telephone: 9224 1613
